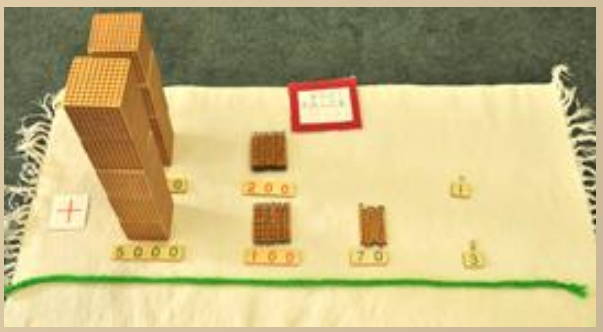
Private Montessori Preschool

The Westmont Montessori School provides an environment that fosters independence, self-esteem, integrity, and personal responsibility. Our Montessori curriculum empowers each child by providing the foundation to excel academically, to develop respect for self and others, and to value the world in which we live.
Westmont Montessori School website. We are proud to be the second oldest Montessori school in New Jersey. Our school has grown from a tiny seed in a rented church basement to a beautiful, full-grown campus in the heart of Morris County in North West New Jersey.

Journey of Discovery



In the Early Childhood classrooms, children ages 3-6 are combined to form a community of learners. This three year cycle allows children to experience growing up with the same children and teacher for several years, provides learning and mentoring opportunities for the children, and teaches compassion and patience. The Westmont Early Childhood curriculum encompasses the learning of mathematics, language arts, practical life skills, science, and cultural studies through the use of hands-on, interactive activities and lessons.

Special Classes

Seeking opportunities to expand the child's world, a variety of classes, taught by specialists, are included in our Early Childhood and Kindergarten programs.

Music - Every student benefits from an expansive music repertoire that includes themes such as rhythm, seasonal songs, exposure to renowned composers, and multi-cultural music.

Movement - Our Movement program encourages children to refine their gross motor skills by participating in activities that are fun, imaginative, challenging, and developmentally appropriate.

Art - In addition to art activities provided in the classroom, frequently the children have an enriching hands-on experience in art media, provided by our Artist in Residence.

Drama - Kindergarten students engage in a dramatic performance each year after learning about the elements of the theater.
